F

is for...

Fish Dog

The name is a bit wrong, 'cos these snacks only contain fish. They taste extra good with a big splash of hot sauce.

Fire Gem

One of the three mystical elements, together with water and snow. Fire is hot like a volcano, and, um, orange like an orange. When you become a Fire Ninja, this gets added to your amulet!

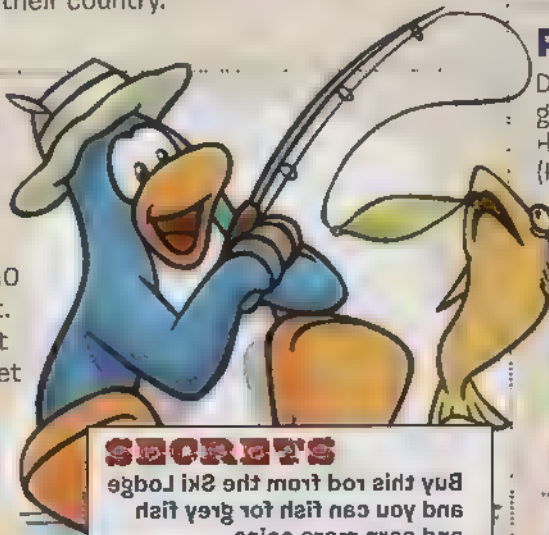

Flags

Lots of penguins wear these on their player card to show their country.

Flashing Lure Fishing Rod

Try saying that 10 times really fast. Hey, say it, don't spray it, you'll get the page wet. This rod gives a special bonus to all Ice-Fishing fans.

SECRETS

Buy this rod from the Ski Lodge
and you can fish for grey fish
and earn more coins.

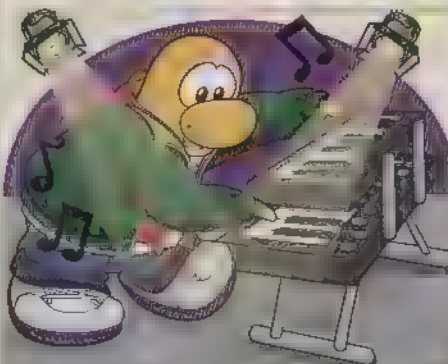

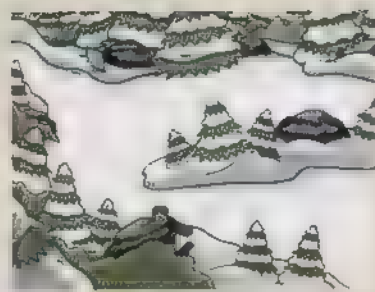

Food Fight

Eating food 's the sensible thing to do. But some penguins throw it instead to get the Food Fight stamp. Not me though. Well, not always.

Forest

If you go down to the woods today, you're in for a big surprise! Well, probably not. Unless you find trees surprising. But have you found the secret passage that leads to the Mine Shack?

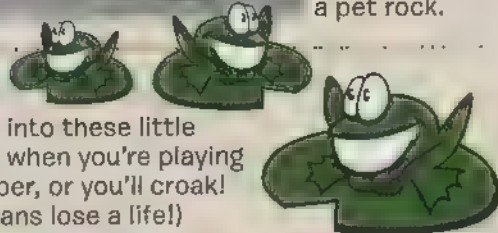

Franky

This famous penguin plays guitar and keyboards in the Penguin Band, and he really knows how to rock! I should know, because I have a pet rock.

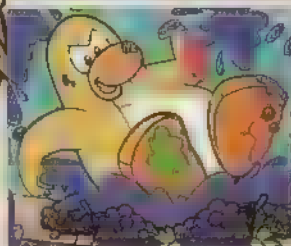

Frogs

Don't bash into these little green guys when you're playing Hydro Hopper, or you'll croak! (Haha - means lose a life!)

Fruit

Great to eat, even better to smash! Have you tried playing Smoothie Smash in Survival Mode yet? AWE. SOME.

PLANET

All about wild animals and
caring for our world.

Name:

Peacock Mantis Shrimp

These tiny sea creatures pack a mighty punch. By moving their claws at amazing speeds, they create a mini shockwave which stuns their prey.

Wall Crawlers

Lizards can stick to almost any surface, thanks to thousands of tiny hairs on their feet. Their grip is so strong they can even hold up heavy weights.

Creature Close-up

Octopus

Octopuses have mad super skills! They can disguise themselves to look like rocks, spray a blast of ink at enemies, squeeze through tiny spaces, and even detach their arms if in trouble.

ELECTRIC ATTACK

Electric Eel

This slithery sea beast can create an electric blast the same power as ten light bulbs. Shocking! Their power comes from special organs in their body, a bit like batteries!

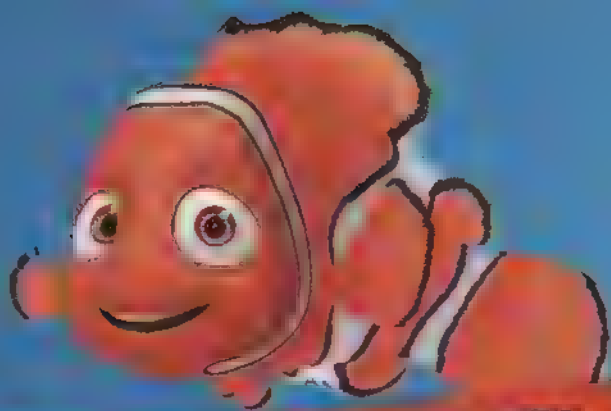

Fantastic Flyer

Hummingbirds can flap their wings 70 times every second. This super speed means they are the only bird in the world able to hover, and even fly backwards!
